

CAPABILITY STATEMENT

COMPANY OVERVIEW

GWO Inc. is a Chicago-based general contractor in operation since 2013, with experience in heavy civil, infrastructure, and facility construction. We manage projects for local and federal agencies, with capability across site development, industrial construction, tenant improvements, and facility rehabilitation.

Our active project portfolio includes work with the U.S. Army Corps of Engineers, Chicago Housing Authority, and City of Chicago, delivering critical civil, infrastructure, and facility work across the Chicagoland region. We are actively growing our federal footprint while maintaining strong roots in the local market.
